Here's the map we worked on last week.

This is great, thank you!

Let's talk more about it.

Attached below is the Bridge Housing Enforcement Zone Guidelines.

The attachment doesn't explicitly state the min/max for the radius of the clean up but from my conversations with Brian Buchner at the Mayors Office, he did say the max is really what LASAN can handle to clean in a day. We can discuss to have part of the enforcement zone surrounding the BH site and have an additional small zone in another part of our district as long as individuals in the additional zone have access to, or are prioritized for, the bridge housing facility.

The way other council offices are approaching this issue is to propose boundaries and then have them map encampments in the area to determine the operational picture in that area.

Best,

Hi Albizael and Isaias.

Rachel and I wanted to sit down sometime on Thursday to discuss the  
BH site and go over enforcement zone and community meetings.  
Do either of you have a problem working this into your schedule?

Best.
